

# Naloxone Training

The Kent County Health Department is partnering with the Grand Rapids Red Project to offer a Naloxone Training (also known as Narcan) for FREE to individuals, family members, and friends who want to be prepared to help a person who may be at risk. A brief training and the medication is provided by knowledgeable Red Project staff and a nurse from the Health Department.

If you have any questions or concerns, please do not hesitate to contact Brandon Hool, the Grand Rapids Red Project's Overdose Prevention and Programming Director, by email at [brandon@redproject.org](mailto:brandon@redproject.org) or phone at 616-294-8370.
